## Soybean Hulls

Supplier: Boyd Station, LLC 570-275-6000  
125 Elysburg Rd 570-275-6101 (fax)  
Danville, PA 17821 info@boydstation.com

- I. Identification  
Soybean Hulls.
- II. Hazard identification of product or ingredients  
None known.
- III. First-aid measures  
First-aid measures not anticipated for contact, inhalation or ingestion of product. Seek medical advice if irritation develops.
- IV. Firefighting measures  
May be flammable in the presence of open flames or sparks. Dust explosions possible if accumulation in air occurs. Use standard firefighting procedures to extinguish fire, using standard protective clothing and respiratory devices.
- V. Accidental release measures  
Maintain reasonable good housekeeping measures to minimize dust accumulation.
- VI. Handling and storage  
Avoid storage near hazardous or odorous material.
- VII. Exposure controls/personal protection  
Use approved respiratory devices if conditions of use create discomfort to worker. Wash with soap and water if irritation to develops.
- VIII. Physical and chemical properties  
Light yellow to light brown in color; finely ground.  
Odor: Neutral  
Solubility in Water: Less than 1%  
Specific Gravity: Approximately 1.3-1.5  
Vapor Density: N/A  
Boiling Point: N/A
- IX. Stability and reactivity  
Stable under ordinary conditions of use.
- X. Toxicological information  
No known toxicity concerns.
- XI. Ecological and disposal considerations  
Biodegradable in soil. Material is non-hazardous. Dispose in accordance with applicable laws.
- XII. Transport information  
No known requirements specific to this product.
- XIII. Disclaimer  
Information in this Material Safety Data Sheet (MSDS) is believed to be accurate and representative of reasonable opinion on this product at time of MSDS preparation. All statements herein are made without warranty or guaranty of accuracy, and we assume no liability for any use of the product.
