

Material Safety Data Sheet

Soybean Oil

Supplier: Boyd Station, LLC 570-275-6000
125 Elysburg Rd 570-275-6101 (fax)
Danville, PA 17821 info@boydstation.com

- I. Identification
Soybean Oil
- II. Hazard identification of product or ingredients
None known.
- III. First-aid measures
First-aid measures not anticipated for contact, inhalation or ingestion of product. Wash with soap after contact. Seek medical advice if irritation develops. No known effect on eye contact, rinse with water.
- IV. Firefighting measures
May be flammable in the presence of open flames or sparks. Use dry chemical power for small fire, and water spray, fog or foam for large fire. Treat as oil fire. Use standard protective clothing and respiratory devices.
- V. Accidental release measures
Absorb with an inert material and place the spilled material in an appropriate waste disposal.
- VI. Handling and storage
Avoid storage near extreme heat, hazardous or strong oxidizing agents. Store in a dry and cool location.
- VII. Exposure controls/personal protection
Use approved respiratory devices and safety clothing if conditions of use create discomfort to worker. Wash with soap and water if irritation develops.
- VIII. Physical and chemical properties
Clear yellow to reddish orange in color; viscous liquid.
Odor: Characteristic of fatty oil
Solubility in Water: Less than 1%
Specific Gravity: Approximately 0.91-0.99
Vapor Density: > 1
Flash Point: > 500F
Boiling Point: N/A
- IX. Stability and reactivity
Generally stable under ordinary conditions of use. May become rancid after prolonged exposure to air.
- X. Toxicological information
No known toxicity concerns.
- XI. Ecological and disposal considerations
Do not dispose down sewer lines. Dispose in accordance with applicable laws.
- XII. Transport information
No known requirements specific to this product. Not considered hazardous.
- XIII. Disclaimer
Information in this Material Safety Data Sheet (MSDS) is believed to be accurate and representative of reasonable opinion on this product at time of MSDS preparation. All statements herein are made without warranty or guaranty of accuracy, and we assume no liability for any use of the product. Users should comply with reasonable safety measures as defined by their entity when using and handling this product.
